

Hello DOT leaders and connected and automated vehicle stakeholders,

The [Mid America Association of State Transportation Officials](#) (MAASTO) invites you to participate in the 2020 MAASTO Connected and Automated Vehicle (CAV) summit, a virtual event kicking off the new MAASTO CAV Committee and the new annual conference. At this meeting we will hear from national industry leaders and researchers and collaboratively develop a 10-year CAV strategic plan and regional strategy.

There are many areas within our organizations that are impacted by, and currently planning for, the changes that these technologies bring. In order to reflect the ubiquitous nature of these technologies, we invite you to extend this invitation to those in your organization who you feel would both benefit from and enrich the conference discussion.

Below is a sample of the current agenda. Day 1 is open to industry representatives and focused on presentations. Day 2 shifts into a workshop reserved for member states only.

Day 1 – Thursday, October 22 nd <i>Providing Context and Setting the Scene for a Regional Strategy</i>	<i>Day 2 – Friday, October 22nd Learning From Our Partners and Formalizing a Regional Strategy</i>

During these unprecedented times we need to consider the safety of our peers. While we look forward to the future where we can meet in person, this year we will be meeting virtually, using WebEx. Closer to the conference date, we will send out a finalized agenda and conference link(s). Please contact Kristin.White@state.mn.us if you have any questions.

Thank you.
